○ Avijit Rajak

Skills

- **Languages:** Java, HTML, CSS, JavaScript
- **Frameworks/Libraries:** React.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools:** Visual Studio Code, Git, Canva
- **Platforms/Services:** GitHub, Vercel, Render, Resend

Projects

Personal Portfolio Website (using React.js, Express.js + Resend)

Built a responsive portfolio using React.js with a clean UI and integrated Resend API for dynamic email handling via the contact form

Notes (using React.js & Tailwind CSS)

A simple note-taking application where users can create, read, edit, delete, and search notes seamlessly

Quiz App (using React.js)

Built a dynamic quiz application using React.js with question navigation, answer selection, and score tracking
